

Fusion Excel International

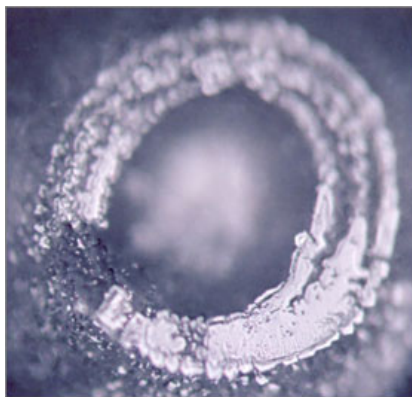

Quantum Science

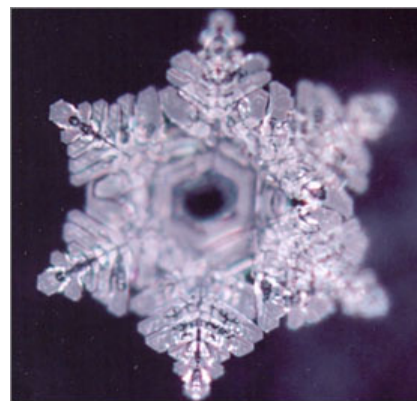

FE Welcomes World Renowned Scientist, Dr. Masaru Emoto!

Before & After Water Crystal Images of FE's Scalar Energy Products by Dr. Emoto.

Before

After

Frozen Water Crystal photos of Fusion Excel's range of Scalar Energy products as developed by Dr. Emoto using his proprietary technology. The "Before" photo is of plain distilled water. There was no organized form or crystalline structure. The "After" photo is of the same distilled water but this time charged or energized by FE's range of Scalar Energy products. The water crystals that are formed are beautifully structured hexagonal crystals. This shows that FE's range of Scalar Energy products energize "Dead" water and turn it into "Living" water.
